

Hill Country Memorial has entered into an agreement to be acquired by Methodist Healthcare San Antonio, bringing expanded and enhanced services to the Texas Hill Country.

What this means for you, our patients:

- Expanded services
- Enhanced offerings
- Access to top healthcare providers
- Economic growth for the Hill Country

**Uninterrupted
Care**

Your health and that of your family's is our priority. In the near term, patients can expect their care to continue uninterrupted, while expanded and enhanced services will be announced at a later date.

**Providers You
Know and Trust**

Our patients can expect to continue to receive remarkable care locally from the providers they know and trust. As changes related to this partnership are implemented, rest assured that the high-quality healthcare you've come to expect from us will continue. This means continued access to your healthcare provider and uninterrupted ongoing care.

**Care in Your
Community**

You can still receive treatment and access services locally. Additionally, our partnership with Methodist Healthcare will enable us to deepen our offerings for our community, with new or expanded services right here in the Hill Country. We're looking forward to sharing information about the new and expanded services available to you in the coming months.

**Additional
Insurance
Accepted**

As part of our relationship with Methodist Healthcare, Hill Country Memorial will continue to accept Medicare and Medicaid, as well as a broad range of other insurance plans so we may serve as many patients as possible and provide coverage to care for the most people.
